LaserFast's trusted reliability and proactive I.T. management expertise will maximise your I.T. investment while keeping your I.T. systems operational and secure.

DO YOU HAVE ANY IDEA WHETHER YOUR I.T. SYSTEMS ARE BEING UTILISED IN THE MOST COST EFFECTIVE MANNER?

WHAT DOES YOUR I.T. COST YOU EACH YEAR?

HOW MUCH TIME AND MONEY COULD BE SAVED THROUGH BETTER MANAGEMENT OF YOUR I.T. ENVIRONMENT?

THE BENEFITS OF LASERFAST MANAGED I.T. SERVICES:

- Lower your I.T. management and labour costs through better utilisation, management and maintenance of your I.T. environment
- Reduce system downtime with our proactive, preventative approach to I.T. systems management
- Reduce the complexity of managing multiple I.T. systems - simply hand the difficult tasks over to us
- Improve efficiency through the implementation of a series of "Best Practices" that we have developed over years of collective experience
- Achieve greater visibility and control of your I.T. operating costs

Implementation of a LaserFast Managed I.T. Service will deliver reduced costs, improved productivity and greater user satisfaction.

Our flexible approach allows for modification to your solution as your business needs change.

WHAT'S IN IT FOR YOU?

If you're the **I.T. Manager** you can breathe easy as we will audit your current environment and consult with you to design the best solution for your business needs, budget and preferences. As we have long standing relationships with the best and most trusted brands, including Microsoft, HP, Toshiba, Samsung and IBM/ Lenovo - we can offer you the best pricing available in the marketplace today.

If you're the **Finance Manager** you'll be thrilled to see a reduction in costs - not only those related to I.T. procurement and system management, but also the indirect costs associated with I.T. problem solving labour, obsolescence and unnecessary redundancy. We also offer leasing and other finance options to relieve your capital expenditure.

But **no matter who you are**, you'll just be happy that you have an I.T. environment that functions efficiently and continues to develop as your business needs change.

Our approach is flexible and as we are an independent company, we can implement the best mixture of equipment from a range of suppliers. Our aim is to get you the best solution possible for your budget.
